

# Built-in Appliances

2016

**BOSCH**

Invented for life

# Who are Bosch?

“I have always acted according to the principle that it is better to lose money than trust. The integrity of my promises, the belief in the value of my products and in my word of honour have always had a higher priority to me than a transitory profit.”

Robert Bosch, 1921

For over 125 years, the Bosch name has been synonymous with engineering excellence. Our home appliances are renowned for their quality, reliability and performance which derives from our inherent, unflagging commitment and the painstaking thoroughness with which every unit is made. As you would expect from German engineering, there are no gimmicks or frills with our products – just pure, clean lines and beautiful, functional simplicity that will enhance any kitchen.

The values that shaped Robert Bosch’s vision for his new company in 1886 are the same principles that guide the business today; never lose the trust of your customers, look after your staff and partners and change things for the better. It’s what has kept Bosch at the forefront of the home appliance industry and what will keep it there in the future.

## Meet Karl, the Bosch Engineer.

Karl has devoted his working life to Bosch and ensures that feedback from customers continues to help shape our products of the future.

His detailed knowledge of our products and long experience can be accessed by customers who are looking to purchase a new appliance.

# Service you can rely on.

For help with your home  
appliance, trust Bosch  
Customer Service.

## Arrange an engineer visit.

Our appliances are manufactured to the highest standards, but if you do need a visit from an engineer we are here to help. We have teams of locally based engineers around the country – employed and trained by Bosch\*. This gives them unrivalled expertise and knowledge of our appliances. We repair appliances both in and out of guarantee. All repairs are analysed in advance by a technical team so that the parts likely to be needed to complete the repair are sent to the engineer's van the night before the visit.

To arrange an engineer visit to your home please call:

**0344 892 8979**

Lines are open 24 hours.

Calls are charged at the basic rate, please check with your telephone service provider for exact charges.

You can also arrange an engineer visit online: **[bosch-home.co.uk/bookonline](https://www.bosch-home.co.uk/bookonline)**

## Product advice.

If you need help using programmes or features, or need assistance selecting a new Bosch appliance from our current range, our product advice team can help.

You can call us on

**0344 892 8979**

or visit: **[bosch-home.co.uk](https://www.bosch-home.co.uk)** for frequently asked questions and helpful videos.

Calls will be answered 24 hours a day, seven days a week. You can contact our specialist advisors Monday to Friday 8am to 8pm, Saturday 8am to 4pm and Sunday 9am to 3pm.

## Register my appliance

We advise that you register your appliances so that we can contact you about any product updates. Visit [registermyappliance.org.uk](https://registermyappliance.org.uk) for more information.

You can also call Bosch directly to register your appliance on 0344 892 8979 (option 5). Please call us within 28 days of purchase to discuss the full range of options for extending your warranty.

## Visit the Bosch online store.

Find a comprehensive selection of accessories to help you get the most out of your appliance, along with our full range of replacement spare parts and cleaning & care products at the Bosch online store.

You can also purchase Tassimo hot drinks machines, vacuum cleaners, irons, steam stations, kettles, toasters and food preparation appliances directly from us online.

You can call us on

**0344 892 8979**

or visit: **[bosch-home.co.uk/store](https://www.bosch-home.co.uk/store)**

## Accessories.

Many appliances can be enhanced with optional extras, such as telescopic rails for ovens or special cookware for hobs.

When buying a Bosch home appliance, you know you are purchasing a quality, reliable product. However many appliances are used daily, so need cleaning and maintaining to keep them looking great and operating at peak performance.

Every one of our cleaning and care products has been thoroughly tested and approved for safe and effective use on your Bosch home appliance.

## Replacement spare parts.

We keep in stock a comprehensive range of replacement spare parts for our appliances for up to ten years. All our parts are original spare parts, not copies.

## Award-winning service.

Bosch Customer Service was proud to win the Domestic & General Total Excellence & Quality Award for 2015. The award is decided from surveys sent to customers and 94.5% described our service as excellent or good.

\*In some remote areas we may use an approved service partner where the repair process may vary.

# Home Connect: Smart connectivity for an easier life.

The future has arrived and it's knocking on your front door. Home Connect brings smart technology to your appliances and lets you control them with your phone or tablet.

So, whether you want to turn the oven on to cook your dinner when you're on your way home, or check what's in your fridge\* while you're at the shops, you'll be in complete control.

\*Currently freestanding refrigeration only.

# Look out for our Home Connect models.

## Welcome to your new digital home.

Remote control takes on a new meaning with Home Connect. You'll be able to connect to a number of your home appliances with your smart device while you're out. You'll be able to control your dishwasher easily and monitor its progress through the cycle. And whether you're at home or not, the handy app will let you know the most suitable programme for your dishes.

You'll also be able to use your mobile device to turn on your oven remotely.

The app will give you all the information you need about the cooking process, and will tell you when your meal is ready. How lovely to know your dinner is piping hot and ready to eat the moment you walk through the door.

## Discover a new world. CoffeeWorld.

Even your coffee machine can be connected to make your life easier. Clever technology lets you choose between a wide range of different coffee-making methods and select your favourite from the app's CoffeeWorld.

And if you have guests, there's even a CoffeePlaylist feature that lets you enter all your guests' coffee orders.

## Everything under control. Remote control.

Turn your oven on and off while on the go, change running programmes and keep an eye on things, or simply get a notification at the end of a programme. Save yourself effort and waiting time. Find cooking tips, videos and lots of new recipes specially tailored to your appliance, and send the preparation settings directly to your oven.

Home Connect is a service offered by Home Connect GmbH. For more information on Home Connect please visit [www.bosch-home.co.uk](http://www.bosch-home.co.uk)

# Introducing the Bosch oven range.

Whatever kind of cook you are, we have a range of smart and stylish built-in single or double ovens for you to choose from. Serve up vitamin packed meals using one of our innovative steam ovens or, if limited on space, our easy to use microwaves and compact appliances will bring style and function to any kitchen.

## Serie | 8

With their impressive technology, elegant design and crystal clear TFT-touch display, our **Serie 8** ovens meet every need and more in the kitchen. The innovative control wheel provides convenience and functionality with full control over your dishes at all times. Plus, thanks to sensor-controlled programmes, you'll achieve perfect results every time.

## Serie | 6

Simple elegance meets superior technology. **Serie 6** ovens give you more than just convenient operation and maximum energy efficiency. Modern functionality means your oven is easy to use with various programmes to suit different foods, all available to view clearly on the large LED display.

## Serie | 4

Modern design, quality engineering and practicality. Our **Serie 4** compact microwave ovens looks stunning inside and out. Microwave technology makes it easier for you and the family to cook.

## Serie | 2

Our **Serie 2** oven offers you classic design with easy operation. This is the optimal solution for anyone who wants a reliable appliance with good value for money.

**Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch oven.**

**Combination design.**

Using the highest quality stainless steel and glass, our ovens and compact appliances combine beautifully to deliver a timeless, elegant and stylish finish to any kitchen with sleek, co-ordinated lines and matching panels.

**Energy efficient.**

Everything we know about energy-saving, green technology has been integrated into our range of feature-rich, built-in ovens.

**Perfectly even results, every time.**

Truly perfect baking and roasting requires not only the ideal temperature, but also the appropriate heating mode. From 4D Hotair to Hotair Eco, our ovens offer up to 15 different heating functions that deliver great results, whatever the dish.

# Welcome to your new kitchen assistant.

For the easy way to perfect results, look no further than our built-in ovens. Precision engineering, sophisticated design and superior performance all help provide cooking success.

## Put a new spin on your cooking.

You'll always have a complete overview and full control of all your oven's functions. The intuitive control wheel and full-width, high-resolution clear-text **TFT-touch display** with **DirectSelect TouchControl** buttons make operating our ovens a breeze. Clear, vivid images and helpful prompts guide you through each step as you navigate through the various programme options.

## Fits every kitchen and every need.

Thanks to precision craftsmanship and sophisticated design, our Serie 8 appliances are the stand out choice. Consistent panel heights and display designs mean no matter which built-in appliances or heights you choose, they all fit together in perfect harmony.

## Even heat. Maximum flexibility.

Thanks to **4D Hotair**, you can place your food on any of the four shelf levels and the results will be consistently perfect. Our new motor and fan wheel design makes it possible: it changes the direction of rotation during operation to distribute heat evenly on every level. And that's not all: with 4D Hotair, you can also bake and roast on up to four different levels simultaneously. So you'll enjoy reliable results from top to bottom.

## Perfect results at your fingertips.

Discover our sensor-controlled functions with **Bosch Assist**, **PerfectBake** and **PerfectRoast**. This feature automatically sets precise information on temperatures and cooking times for all kinds of dishes, plus you can simply scroll through to find our intuitive baking and roasting functions.

**AutoCook** automatic programmes are a feature on selected ovens that work out the time, temperature and shelf position for you.

## Scroll through for the PerfectBake.

Baking has never been easier. The **PerfectBake sensor** offers precise sensitivity and constantly measures the moisture level of dishes, as well as automatically regulating the baking process.

## Scroll through for the PerfectRoast.

Traditional British beef, Easter lamb or Sunday roast chicken – with the **PerfectRoast meat probe**, perfect results are guaranteed every time. Just like a professional chef, but with complete ease.

## Full steam ahead – for full taste.

Many Serie 8 ovens have special programmes and functions that combine the best of a steamer with the benefits of a classic oven. Those single ovens, equipped with the **added steam function**, produce succulent roasts, with juicy meats and crispy skins, as well as breads with the perfect colour and crust. Full steam option is available in our compact oven range.

## We didn't reinvent the wheel. But we taught it how to cook.

Everything you need at hand: our intuitive control wheel makes cooking easier than ever. With just a small turn of the stainless steel ring, you can adjust any of your oven's settings. The **TFT-touch display**, with its clear and straightforward design, guides you through the various menu options, giving you full control over your dishes at all times.

## Cleaning made easy.

The ultimate in self cleaning power. **Pyrolytic self-cleaning** heats the oven to around 480° C, which reduces dirt and grease deposits to dust that can be easily wiped away.

## Single pyrolytic ovens

Serie | 8

## HRG6769S6B

**Main Cooking Functions** 4D hot air, Hotair Eco, Top and bottom heat, Hotair grilling, Full width variable grill, Bottom heat, Defrost

## Scroll Bosch Assist for precision cooking.

The Bosch Assist feature on selected Serie 8 built-in ovens automatically sets precise information on temperatures and cooking time. Scroll through for our intuitive PerfectBake and PerfectRoast functions for perfect results every time.

Serie | 8

Our **Serie 8** range of electric hobs combines convenience and elegant design, allowing you to select individual cooking zones and power levels. All controlled at just the touch of a button with the modern touch control.

Serie | 6

Expect excellent operation and timeless designs with our **Serie 6** range of hobs. You'll get premium engineering and materials so that you can always cook something a little bit special. Get ultimate control with the easy to use DirectSelect touch control.

Serie | 4

Featuring a range of **Serie 4** electric hobs that are convenient and simple to operate, our essential range maintains classic design with contemporary style.

# Introducing the Bosch electric hob range.

As you would expect from Bosch, all our electric hobs are made using high quality materials, are easy to use and add contemporary elegance to any kitchen. To help you choose the right electric hob for your home we have divided them into the three ranges below.

**Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch electric hob.**

## **Twice as fast as gas.**

Induction hobs can heat food and boil water nearly twice as fast as gas and three times faster than ceramic hobs\*. And as they're also more energy efficient, you'll save money as well as time.

## **Cooking that's designed around you.**

Ultimate flexibility with **FlexInduction**. One, two or three pots, or even a large casserole: the Bosch FlexInduction hob leaves it up to you. At the flick of a switch, you can combine two induction zones into a large induction surface on which you can cook the way you want.

\*Based on time required to heat 2 litres of water at 15°C to 90°C using Bosch hobs . In accordance with EN 50304/ EN 60350: 2009.

# Cooking that's designed around you.

Our built-in induction hobs use innovative and intuitive technology to make them quick and simple to use – and even better – easy to clean.

## More control at your fingertips.

Set the correct temperature with a single touch thanks to **DirectSelect**. No more scrolling up or down, just simply press one button to select the right heat level.

## Flexible.

FlexInduction is great for roaster pans and poaching as well as large grill pans.

### Express cooking.

Induction cooking with a turbo boost. The **Boost function** allows you to increase the power of the cooking zone by 50%\* – perfect for large pots and pans or when you're in a hurry.

### Clean up in an instant.

In case of any spills, simply select the **Freeze function** which freezes all the heat settings so you can thoroughly wipe and clean the hob surface. To restore the previous heat settings simply touch the button again!

### Easy to clean.

**Automatic pan recognition** only heats up the base of the pan and not the rest of the zone, which doesn't waste energy and leaves the rest of the hob cool to touch. Keeping the hob cooler makes it safer and also prevents spillages from burning on so it's easy to clean.

## FlexInduction hobs

Serie | 8

Our **Serie 8** range of gas hobs combines convenience and truly elegant design with ultimate cooking control, meaning a truly professional performance in the kitchen.

Serie | 6

Expect excellent operation and timeless designs with our **Serie 6** range of hobs. You'll get premium engineering and materials so that you can always cook something a little bit special.

Serie | 4

Featuring a range of gas hobs that are convenient and simple to operate, our **Serie 4** range maintains classic design and style.

# Introducing the Bosch gas hob range.

Professional performance and control matched with stylish good looks, Bosch gas hobs are available in a variety of finishes and colours. To help you choose the right gas hob for your home we have divided them into the three ranges below.

**Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch gas hob.**

## **Stunning good looks and ultimate control.**

A gas hob delivers instant heat and is easy to adjust and control, making it a favourite in many kitchens. With a wide selection of widths and finishes to choose from, a gas hob can add as much elegance as practical functionality to any kitchen.

## **Chef's recommendation.**

The hob of choice in most professional kitchens, modern gas hobs are as stylish as they are practical. Our gas hobs come with cast iron pan supports that are either front or side mounted. With ignition built in to the controls, all it takes is one action to ignite and set the hob to the correct cooking level.

# A new level of style, safety and smart design.

From fast and furious wok cooking to a gentle rolling simmer, our built-in gas hobs are safe, cleverly designed and elegantly stylish.

### A touch of the Orient.

Powerful, **dual ring wok burners** are perfect for oriental cooking. They deliver a boost both in power and speed, but can also be used very effectively at lower settings when required.

### Safety you can rely on.

A **Quick Stop main switch** allows all gas burners on the hob to be turned off quickly and locked if needed, for instance if you have to answer the phone or door.

### Smart design.

Square design pan supports don't just look good, but provide more stability for pots and pans. Cleverly designed to fit together, they are separate pieces, which make them easy to handle and clean. The elegant tempered glass base allows for a choice of surface mounting for quick and easy installation, or flush mounting which gives a continuous sleek worktop effect.

# Gas hobs

Serie | 6

## PPS916B91E

5 burner, premium black frameless design

Hob Width 90cm

### Serie | 8

Advanced design standard and functionality to fit perfectly in your kitchen. With our **Serie 8** range of hoods experience maximum operating convenience with DirectSelect control and as you would expect from Bosch, high quality craftsmanship combined with cutting-edge technologies.

### Serie | 6

Ultimate convenience and tasteful design make cooker hoods within our **Serie 6** range an asset to any stylish kitchen. Electronic controls give you ease of use.

### Serie | 4

As the centre of family life, the kitchen needs to have a comfortable atmosphere free of cooking steam and disruptive noise. Our **Serie 4** range of cooker hoods are extremely quiet, easy to operate and impressive with their modern design.

# Introducing the Bosch hood range.

Offering a blend of function and form, Bosch hoods deliver quiet, effective extraction that makes the kitchen and home a more pleasant environment. Make a bold design statement, or complement a more minimalist look. To help you choose the right hood, we have divided them into the three ranges below.

**Whichever model you choose from our Serie ranges, you'll find lots of reasons to love your Bosch hood.**

## **Why shout when you can whisper?**

The motors in all of our hoods need to deliver powerful performance for maximum extraction, but that doesn't mean your home environment has to suffer. We have designed state-of-the-art motors in most hoods that generate noise levels of just 45 decibels\*, which is about the same level of sound as a quiet conversation. And our quietest model delivers a library quiet peacefulness of just 41 decibels\*\*.

## **In this light, even your electricity bill looks good.**

Our hood ranges incorporate energy efficient lighting that can be adjusted for bright illumination to work under, or lower illumination for ambient mood lighting in the kitchen. High-efficiency LED lights make both your kitchen and energy bill look good.

## **Designer looks.**

Bosch has created a cooker hood design for every kitchen. From a stylish Island design, angled or curved contemporary glass to fully integrated or concealed. With a wide variety of sizes, types and finishes to choose from, it's easy to find the right cooker hood to perfectly match your kitchen.

\* (45dB(A) re 20µPa sound pressure)  
\*\* (40dB(A) re 20µPa sound pressure)

# A breath of fresh air in hood design.

The right cooker hood can reduce smells and steam and leave your kitchen feeling fresh and clean. And a Bosch hood will do it all with silent efficiency.

## Fresh thinking.

Metal grease filters efficiently filter grease and other solid particles out of the extracted air – which means your kitchen will be cleaner. And our filters are even designed to be washed in the dishwasher.

## Designer looks.

The filter is concealed behind a stylish brushed steel cover with a brushed steel handle to hide grease build up, for a really sleek finish.

## Your ‘second nose’ in the kitchen.

The EcoSensor regulates the extraction power of the cooker hood. Every few seconds it analyses the vapour intensity of the cooking and adjusts the power level automatically, so you can concentrate on your cooking rather than worrying about whether your hood is on the right setting.

### EcoSilence Drive™.

Our EcoSilence Drive™ brushless friction-free motor and energy saving LED lights reduce energy consumption by up to 80% compared to a similar five-year-old model, without compromising results.\*

### DIY installation.

Our suspended ceiling hood is designed for easy installation. As it uses recirculation with charcoal filters, it doesn't require a ducting system to be in place or the ceiling to be lowered. It simply needs to be screwed in place, and thanks to a high-power extraction setting, you'll always have fantastic air quality in your kitchen.

### Downdraft.

Discover our new downdraft ventilation hood **DDA097G59B** that blends seamlessly into our built-in hob appliances. Perfect for kitchen islands or minimalist designs, it can be neatly tucked away into your worktop when not in use.

\* Same power setting, same extraction rate, halogen lights.

### Specifications

- Downdraft for installation in worktops
- Extension height 401 mm
- Grease filter saturation indicator
- TouchControl with electronic display
- 4 power levels and intensive setting
- LED lighting: for perfect, very energy-efficient illumination of the hob.
- Automatic intensive revert (6 mins)
- Runs for an extra 15 minutes
- Twin channel high performance fan motor
- Suitable for ducted or re-circulated extraction

## Serie | 8

### DIB091U51B Island hood

#### Specifications

- Electronic power level display
- Filter saturation indicator
- Electronic touch control
- 3 power levels + intensive
- 4 x LED lights
- Softlight with dimmer function
- Auto intensive revert (6 mins)
- Ducted or recirculating operation
- EcoSensor

**Energy Efficiency** A+

**Hood Width** 90cm

## Serie | 6

### DIA098E50B Island hood

#### Specifications

- Electronic power level display
- Filter saturation indicator
- Soft touch control
- 3 power levels + intensive
- 4 x 20 W
- Softlight with dimmer function
- Auto intensive revert (6 mins)
- Ducted or recirculating operation

**Energy Efficiency** A+

**Hood Width** 90cm

# Chimney hoods with glass

## Serie | 8

### DWK098G61B Angled hood

Specifications
Electronic control
Rim ventilation
Black glass
Touch control with electronic display
4 power levels + intensive
2 x LED lights
Auto intensive revert (6 mins)
Ducted or recirculating operation
15 minute automatic run on

Energy Efficiency A

Hood Width 90cm

## Serie | 6

### DWK098E51B Angled hood

Specifications
Electronic power level display
Touch control with electronic display
3 power levels + 2 intensive
2 x LED lights
Auto intensive revert (6 mins)
Ducted or recirculating operation
Softlight with dimmer function
10 minute run on

Energy Efficiency A

Hood Width 90cm

## Serie | 6

### DWA097E51B

Specifications
Electronic power level display
Filter saturation indicators
Soft touch button control
3 power levels + 2 intensive
2 x LED lights
Softlight with dimmer function
Auto intensive revert (6 mins)
Ducted or recirculating operation
10 minute automatic run on

Energy Efficiency A+

Hood Width 90cm

### DWA078E50B

Specifications
Electronic power level display
Filter saturation indicators
Soft touch button control
3 power levels + 2 intensive
2 x LED lights
Softlight with dimmer function
Auto intensive revert (6 mins)
Ducted or recirculating operation
10 minute automatic run on

Energy Efficiency A+

Hood Width 70cm

# Chimney hoods with glass

## Serie | 2

### DWA094W51B

#### Specifications

- Electronic power level display
- Rocker switch control
- 3 power levels
- 2 x 20W
- Ducted or recirculating operation

**Alternative width**  
**DWA064W51B** 60cm

# Chimney hoods

## Serie | 2

### DWB094W50B Box hood

#### Specifications

- Rocker switch control
- 3 power levels
- 2 x 40W lights
- Ducted or recirculating operation

**Alternative widths**  
**DWB074W50B** 70cm  
**DWB064W50B** 60cm

Energy Efficiency D

Hood Width 90cm

## Serie | 4

### DWW097A50B Slimline pyramid hood

#### Specifications

- Electronic power level display
- Soft touch button control
- 3 power levels + intensive
- 3 x LED lights
- Auto intensive revert (6 mins)
- Ducted or recirculating operation

**Alternative widths**  
**DWW077A50B** 70cm  
**DWW067A50B** 60cm

Energy Efficiency A+

Hood Width 90cm

## Serie | 2

### DWW09W460B Slimline pyramid hood

#### Specifications

- Rocker switch control
- 3 power levels
- 2 x 40W lights
- Ducted or recirculating operation

**Alternative width**  
**DWW06W460B** 60cm

Energy Efficiency E

Hood Width 90cm

### DWW09W450B Slimline pyramid hood

#### Specifications

- Rocker switch control
- 3 power levels
- 2 x 40W lights
- Ducted or recirculating operation

**Alternative widths**  
**DWW07W450B** 70cm

# Telescopic hoods

## Serie | 8

### DFS097J50B

**Alternative width**  
DFS067J50B 60cm

#### Specifications

- Electronic touch control
- Filter saturation indicator
- 3 power levels + 2 intensive
- 2 x LED lights
- Auto intensive revert (6 mins)
- Soft light with dimmer function
- Runs for an extra 15 minutes
- Ducted or recirculating operation

**Energy Efficiency** A

**Hood Width** 90cm

## Serie | 4

### DFS097A50B

**Alternative width**  
DFS067A50B 60cm

#### Specifications

- Electronic soft touch button control
- 3 power levels + intensive
- 2 x LED lights
- Auto intensive revert (6 mins)
- Runs for an extra 10 minutes
- Ducted or recirculating operation

**Energy Efficiency** A

**Hood Width** 90cm

## Serie | 2

### DFM063W50B

#### Specifications

- For installation into a 60cm wide cupboard
- 2 power levels
- 2 x 20W halogen lights
- Ducted or recirculating operation
- Rocker switches

**Energy Efficiency** C

**Hood Width** 60cm

# Integrated hoods

## Serie | 2

### DHE645MGB

#### Specifications

- Installation between cupboards
- Rocker switch control
- 3 power levels
- 2 x 40W lights
- Ducted or recirculating operation

Energy Efficiency E

Hood Width 60cm

### DHE635BGB

#### Specifications

- Installation between cupboards
- Rocker switch control
- 3 power levels
